Dear Parents and Carers

R.E: Hot weather forecast

As many of you will be aware, high temperatures are forecast for this week. We want to reassure families that the safety, wellbeing and comfort of our pupils and staff remain our highest priority.

We are currently reviewing our arrangements for the week considering the forecast temperatures and are considering any adjustments that may be required to routines, activities and the school environment to ensure pupils can continue to learn safely and comfortably.

We recognise that hot weather can affect our pupils in different ways and we are carefully considering the needs of all children and young people when making decisions. We are also monitoring the weather forecast closely and taking account of relevant guidance.

To help pupils stay cool and comfortable, children may attend school wearing their PE kit or school-coloured shorts and a school-coloured T-shirt throughout the week.

Please also ensure that your child brings:

- A named water bottle
- A sun hat or cap
- Any prescribed sun cream, where appropriate, or that sun cream is applied before arriving at school

We appreciate that families may have questions about arrangements for the remainder of the week. We are currently finalising our plans and will provide a further update by the end of today outlining any additional measures that may be put in place.

Thank you for your continued support as we work together to ensure all pupils remain safe, comfortable and able to thrive during this period of hot weather.

Yours sincerely,

Priya Bhagrath
Headteacher
